PROFILE SUMMARY

I'm a tech-driven BBA student with a keen eye for visual development and user interfaces. With experience in front-end mobile development, I feel most inspired by user-oriented yet visually striking designs. Empathy, inclusivity, and self-drivenness are the key powers in my work. I'm a detail-oriented and thorough employee, yet I do well under pressure. I'm a native Finnish speaker with fluency in English and basics of Swedish.

KEY COMPETENCIES

Proficient in English (C2)	Excellent communication skills	Experience in HTML5/CSS3 + C#
Strong interpersonal skills	Adept audiovisual presenter	Visual eye for UX and UI development
Innovative problem solving	Video game production process	Accessibility and usability guidelines
